## HEALTHCARE CALIFORNIA ANNOUNCES NURSE LIAISON PROGRAM

**HealthCare California** announces the Nurse Liaison program to provide enhanced health care services to the expanding geriatric community. Lisa L. Keeney, LVN (Licensed Vocational Nurse), will work closely with Fresno, Visalia and Merced-based Assisted Living Facilities and Residential Care Facilities to provide health screenings, blood pressure checks and important information related to the benefits of home health.

Devin S. Nugent, Chief Operating Officer of **HealthCare California**, stated:

We are fortunate to have an experienced home health LVN on staff with us to enhance our already first-rate service offerings to home health patients. Lisa's experience and interaction with the elderly provide yet another level of service which sets **HealthCare California** apart from other home health providers. We look forward to her continuing success in reaching out to the geriatric population as we introduce this innovative program to all regions we serve.
