HEALTHCARE CALIFORNIA ANNOUNCES SELECTION BY TRICARE INSURANCE

HealthCare California announces it has been designated by TRICARE health care insurance to perform health care services for its covered members. TRICARE health care is a government sponsored insurance program for active, inactive and veteran military personnel including their families.

Harry G. Harris, President of **HealthCare California**, stated:

As a veteran and long-time beneficiary of TRICARE, I am especially pleased with TRICARE's selection of **HealthCare California**. Being designated by TRICARE to perform health care services for military personnel and other covered members in its programs is a coveted appointment available only to a select number of providers.

HealthCare California looks forward to providing exceptional home health care services by our team of professional clinicians and staff for the TRICARE membership in central California. We greatly value our continued association with the military community.
