FRESNO ENTREPRENEUR INVITED TO CHINA

Dr. Harry G. Harris, President of **HealthCare California**, a Fresno-based health care company, has been invited to visit China and consult with a group of Chinese entrepreneurs on health care delivery systems including the adaptation of the **HealthCare California** model to local Chinese business environments.

HealthCare California has established a model of providing outstanding home health services for its patients to prevent stays in hospitals and other resident health care facilities.

Dr. Harris departs for China on September 1. During his ten-day trip to China, he will visit several cities in three provinces; Shandong in the east, Shaanxi in the north central and Sichuan to the west. China faces similar health care challenges as the United States. With a population of 1.3 billion, China has moved to a market-oriented economy during the last 30 years. Access to adequate health care and cost-containment remain key areas for reform.

With over 20 years of consulting in China, Dr. Harris has extensive experiences in the both the private and public sectors. He will be sharing new perspectives and experiences on health care management systems and strategies. In addition, Dr. Harris will be exploring investment opportunities and joint ventures in the health care field.

###

HealthCare California is the central valley's largest Medicare certified home health agency, providing skilled nursing, physical/occupational/speech therapy and social services to homebound patients. With offices in Fresno and Visalia, it serves patients from Merced to Porterville. **HealthCare California** was recognized as a Homecare Elite Top Agency in 2008 based upon clinical results ranking it in the top 25% of home health agencies nationwide.
