HEALTHCARE CALIFORNIA MOVES TO NEW CORPORATE HEADQUARTERS

HealthCare California, central California's premier home health agency, celebrates the grand opening of its new corporate headquarters located in the Pavilion Professional complex at Bullard and West Avenues. The new office, with nearly 4,100 square feet, is more than four times the space of the former location.

HealthCare California was founded by Dr. Harry G. Harris in June 2004 with two employees and has grown to over 70 employees with offices in Fresno and Visalia. The health care company serves patients in a five-county area of central California. "Within the last three years, we've had a seven-fold increase in business," Dr. Harris stated.

HealthCare California competes with other local and national home health agencies in the area. "Our company stands out because we excel in customer service for our health care providers. The enthusiasm and team spirit of our administrative and clinical staff add to the excellent experiences of our referral sources and patients," Dr. Harris added.

As a former professor of management, Dr. Harris has recruited several graduates from California State University, Fresno. This includes Devin S. Nugent, a former corporate executive of Longs Drug Stores, who serves as Chief Operating Officer.

Mr. Nugent was one of Dr. Harris' students at California State University, Fresno. "I joined **HealthCare California** because of its entrepreneurial spirit, dynamic growth and a strategy for continued expansion in central California. We are extremely fortunate in having a first-rate staff dedicated to providing outstanding care for our patients," Mr. Nugent said.

At **HealthCare California**, experienced nursing and rehabilitation teams use a multi-disciplinary approach to ensure the highest quality level of home health care for patients. All health care services are provided under the direction of the patient's physician, and the company dedicates itself to ensuring each patient reaches his or her maximum health potential.

###

HealthCare California, with its main office in Fresno, is central California's premier home health care agency providing professional nursing and therapy services to residents of the region. For more information about **HealthCare California**, please visit www.healthcal.com.
